

*Going NanoGreen in a big way in Cairo*

Solar'10, 14 - 17 February 2010, Cairo, Egypt  
"Nano/Molecular Photochemistry and  
Nanomaterials for Green Energy Development"

*Updated on December, 09*

Don't miss this exciting interdisciplinary conference. Listen to a panel of distinguished speakers covering the following important topics:

- . Nanostructured Solar Cells
- . Nanomaterials for Solar Applications
- . Fundamental and Applied Photochemistry Photophysics
- . Advanced Photocatalysis
- . Photonics Materials
- . Modeling Methods in nano Science
- . Thin Film Photovoltaics
- . Solar Energy Commercialization
- . Techniques and Systems
