

Under the patronage of President of Tishreen University

Professor Mohammad Yehea Moualla

The High Institute of Marine Research, in cooperation with High Commission for Scientific Research, organizes a regional workshop on:

"Marine Research in Eastern Mediterranean"

28-29 September 2009

Workshop topics:

- Marine Biology & Biodiversity
- Marine Chemistry & Pollution Control
- Marine Geology & Geo-information technologies
- Marine Fisheries & Living Resources Developments
- Marine Physics
- Effects of Global Change on Marine Environment

Conditions for Participation:

- Applicants are requested to fill the attached registration form and send it, with a copy of the passport (for non Syrians) by Email, fax or post.
- Non Arab participants are requested to submit an abstract (one page) of the research topic in English.
- Papers must be original, new and have not been published or presented at any other conference or symposium. Research must be carried out between 2005 & 2009.
- Abstract will be evaluated by a specialized referee committee and authors will be notified with the results.
- Accepted abstracts will be documented in a special booklet for distribution during the conference.

Important Dates:

- July, 15th 2009: deadline for submitting the abstracts.
- August, 15th 2009: acceptance notification.

Venue & Dates:

The workshop will be held at the High Institute of Marine Research/Tishreen University in Lattakia, Syria.

Conference Language:

Arabic & English will be used during the conference (no Simultaneous translation).

Accommodation & Gants:

- Conference fee is 150 Euros including accommodation local transportation & conference materials.
- Authors (from outside Syria) with accepted papers will be hosted (B&B) for three nights during the conference.
- In case of more than one author, only one speaker would be hosted.
- Participants shall bear the expenses of their accompanied persons.
